SR Scales®
by SR Instruments, Inc.

Quality. Reliability. Accuracy.

Wall Mount Scale

Model SR7001i Series

The ultimate space saver. Designed for flush wall mount, the SR7001i platform scale tucks away neatly when not in use to maximize your use of floor space.

The large low profile weighing surface with integrated ramps and grab rail will easily accommodate patients with walkers, canes, chairs, and wheelchairs up to 30" wide.

Constructed of heavy-duty aluminum plate, the SR7001i has a weight capacity of 660 Lbs. Counter-balancing actuators make light work out of raising and lowering the weighing surface.

It's there when you need it and cleanly out of the way when you don't.

SR Scales®
INFUSED WITH
Antimicrobial Protection

Platform size: 24W" x 30D"

ANTIMICROBIAL

SR Scales contain antimicrobial technology for powerful, continuous product protection against bacteria.

AUTO-WEIGH

The scale will automatically turn on, lock in a stable weight, and send a record of the weight, date, and time stamp to the optional printer. (BMI can also be calculated and added to the record.)

MEMORY

Recalls the last stored weight.

POWER

Medical grade wall power supply.

BMI CALCULATION

Enter height information to calculate and display Body Mass Index.

OPTIONAL EQUIPMENT

Thermal printer or data port

4 YEAR WARRANTY

MADE IN THE USA

Wall Mount Scale
